

DON'T HOLD BACK

I know that there's somethin'
That ain't easy to say
Go on 'n' don't hold back
It's okay anyway

It's part of the process
Seems the best way to save
What's worth keepin' alive
With the love that we gave

Nothin's gonna change how I feel
Never wanna chase what ain't real
Emotions are the hardest to heal

I know that there's somethin'
You been meanin' to say
Go on 'n' don't hold back
It's better that way

Never hopeless or tragic
Always straight from the heart
Been like music 'n' magic
Guidin' light from the start

Nothin's gonna change how I feel
Never wanna chase what ain't real
Emotions are the hardest to heal

And so you got somethin'
That ain't easy to say
Go on 'n' don't hold back
It's okay anyway
