

EVANGELINE

Evangeline sure tore my heart in two
Been broke before so that ain't nothin' new
My friends all tell me turn 'n' walk away
Forget the past you're better off they say

Met her at that bar down by the lake
Asked her if she's early or I'm late
She laughed 'n' said it's later than I know
We talked awhile 'n' then she had to go

Oh she stole my heart Evangeline
Sometimes things just ain't what they seem
I sure did love Evangeline

Raven hair her eyes black as coal
I fell so hard she'd spoken to my soul
On a road my heart ain't comin' back
I loved the girl like life 'n' that's a fact

Yeah she stole my heart Evangeline
Sometimes things just ain't what they seem
I sure did love Evangeline

Summer's fun was romance by the fall
Just lived for bein' with her that was all
Awoke one winter's day to find her gone
A note she left behind said "movin' on"

Fled a past said filled with lots o' pain
Never told me what I never asked again
Why she left now sure wish that I knew
Another broken lover like me maybe you

Yeah she stole my heart Evangeline
Right from the start know what I mean
Sometimes things just ain't what they seem
I sure did love Evangeline yeah, yeah
