

FLY AWAY

Gonna go for good
Maybe it's just as well
Right here I got no future
Far as I can tell

Gonna leave this town
While somethin's left of me
Wanna find warm comfort
Take a chance and see

Fly away
Far away with me
Fly away
Far away with me

Need you by my side
Or else my heart'll break
Come on this freedom ride
I've had all I can take

We'll build a better life
Your faith'll see me through
Leave now and be my wife
I pledge my love to you

Fly away
Far away with me
Fly away
Far away with me
