

## LUCK RUNNIN' OUT

Luck runnin' out  
But it won't defeat me  
Luck runnin' out  
No road risin' to meet me  
Luck runnin' out  
I still hold my head up high

Rain's pourin' down  
An' it got me thinkin'  
'Nough water to drown  
Still I ain't sinkin'  
A way'll be found to  
Where the sun been shinin' bright

An' while my luck been down  
'Til it come back 'roun'  
I get on by  
An' though my luck been down  
It's gonna come back 'roun'  
I'm gettin' by

The man come aroun'  
Said he goin' t' fix it  
Mo' years gone on down  
Trailin' tears thru this district  
I'm travelin' now  
To where the roads're runnin' wide

Don't know what I'll find  
But I'll go 'til I get there  
My mind'll unwind  
Nothin' left to regret where  
I lost what was mine  
Still got my music by my side

An' while my luck been down  
'Til it come back 'roun'  
I get on by  
An' now my luck been down but  
It's gonna come back 'roun'  
I'm gettin' by
