

MORA JAYDENE

Thinkin' 'bout askin' out Mora Jaydene
She's the finest woman that I ever seen
She's long 'n' curvy like a country mile
When we get t' talkin' like t' stay awhile
(and make her smile)

Mora Jaydene's got the looks that thrill
Gonna ask her out - man I swear I will
She's sweet 'n' sassy sure like her style
Dances like a devil with an angel's smile
(got an angel's smile)

Mora Jaydene's like a vision in a dream
She'll take you where there ain't a care
You know what I mean (repeat stanza)

Works at the salon does my sister's hair
Moves to the music 'n' the guys all stare
She'll sing you a song when the mood is right
Gets the people on their feet it's quite a sight
(Mocha's alright)

Get myself a haircut 'n' ask her for a trim
Tell some funny stories 'bout the places I been
Take her to a club where the dancers all go
Hold'r tight beside me when the music gets slow
(nice 'n' slow)

Mora Jaydene's like a vision in a dream
She'll take you where there ain't a care
You know what I mean (repeat stanza)

Thinkin' 'bout askin' out Mora Jaydene
She's the finest woman that I ever seen
She's long 'n' curvy like a country mile
When we get t' talkin' like t' stay awhile
(and make her smile)
