

## TOGETHER

Got a feelin' like never before in my life  
Lot o' stealin' o' my heart before, this feels right  
The sway whenever you move's a melody  
The way your smile really smoothes the waves in me  
You think that maybe we're meant to be together?  
I know I wanna be

Meanin' maybe to make a change in my life  
Dreamin' daily the days away 'til tonight  
The starry shine in your eyes amazes me  
The way that time really flies sets me free  
You think that maybe we're meant to be together?  
I know I wanna be

When apart you're still in the heart of my life  
Heard the words whispered softly at twilight  
The way you say the things you do to me  
Takes me where I never knew I'd ever be  
You think that maybe we're meant to be together?  
I know I wanna be

Got a feelin' like never before in my life  
Lot o' stealin' o' my heart before, this feels right  
The sway whenever you move's a melody  
The way your smile really smoothes the waves in me  
You think that maybe we're meant to be together?

Got a feelin' like never before in my life  
What a feelin' when you're by my side  
You're the reason my heart's back alive  
I got a feelin' like never before in my life
